

# PortSide's Remodeling Project of the Month

September 2017 - Remodeled Residential Condominium Unit

- Removed built-in shelf in living room and installed french doors to create new entrance to master bedroom
- Removed existing closets in master bedroom, closed off previous bedroom entrance and utilized that space as a new walk-in closet
- Complete remodel of master bathroom including tiled walk-in shower, tiled floor and new fixtures
- Tiled floor in guest bathroom and new fixtures
- Removed drop soffits in kitchen and bathrooms
- Removed kitchen cabinets, counter top and dividing wall to open up kitchen
- Installed new custom kitchen cabinetry with quartz counter tops and an extended snack bar island
- New luxury vinyl flooring throughout
